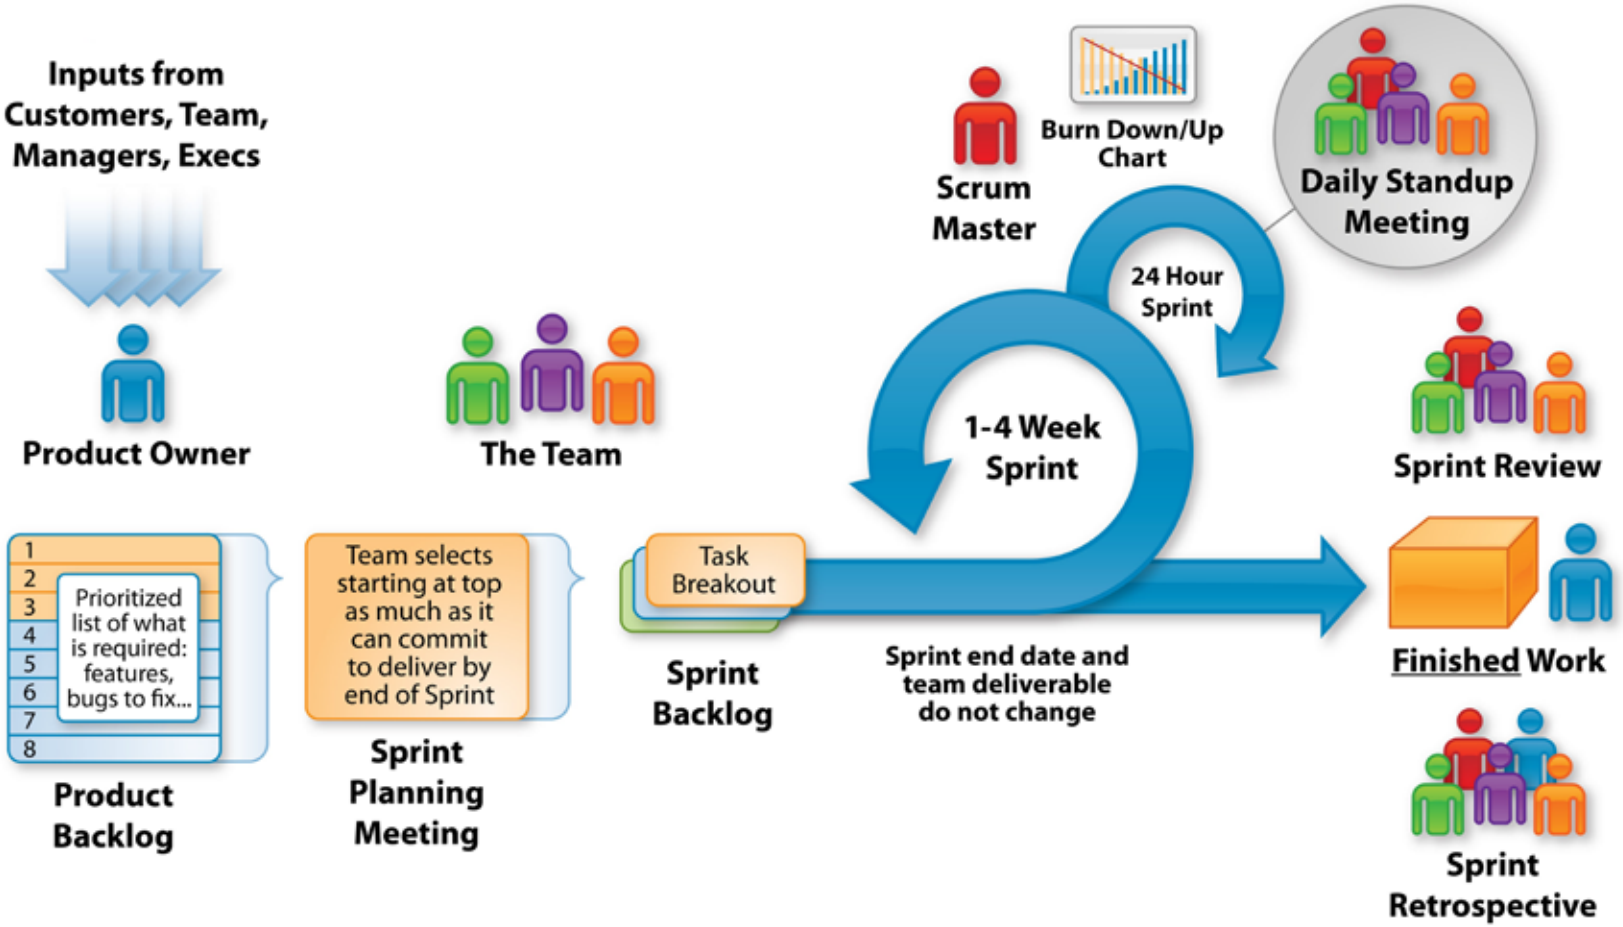
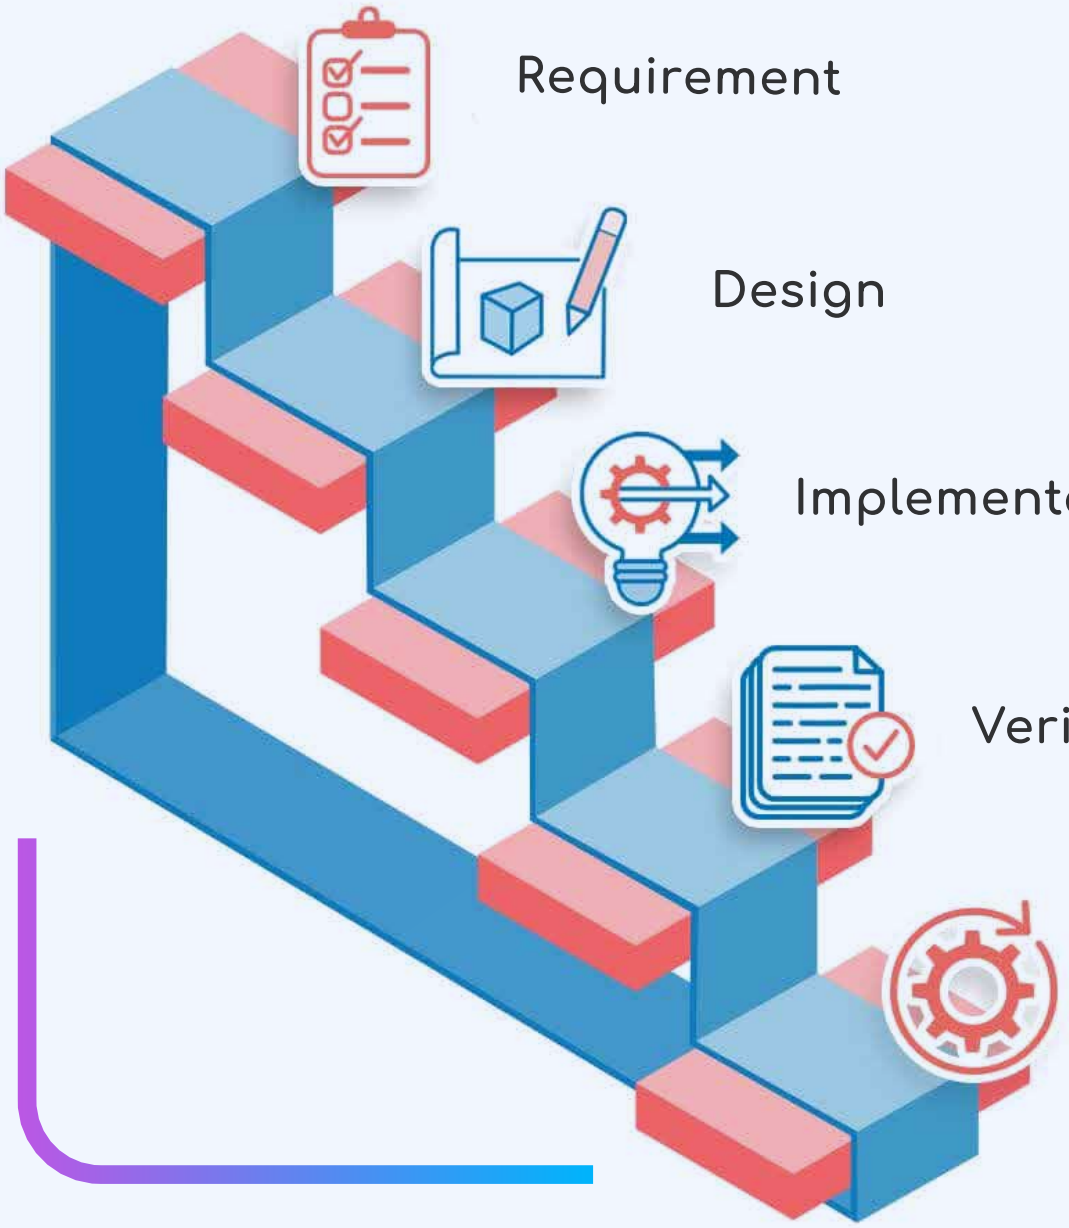
Development Approach

AGILE METHOD

Based on the client requirement & type of the project we prefer to go with the appropriate project execution methodologies & approach. It helps for development of high-quality IT products that meets or exceeds customer expectations, reaches completion within times & cost estimates.



Development Approach



WATERFALL METHOD

The Waterfall methodology is the traditional & the most common methodology usedfor project management. It follows a sequential, linear process which is why it is often described as a "linear-sequential life cycle model".

PORTFOLIO

JASON TURCHIN

I've worked with the team at Vivid on various projects for more than a decade. They have a wide skillset, from Salesforce to web development to software development to app development. Easy to work with.

PATRICK SEARCY

Great team to work with, extremely detailed and executed according to plan. Look no further than this team for your next project.

MARCUS, ECCO PROSPECTUS GROUP LLC, USA

We have been working with Vivid Infotech team for over 6 years now. I must say we have a come a long way together & Vivid Infotech has done a wonderful job. At the beginning, Vivid Infotech went into details for our requirements & came up with lot of new ideas and suggestions, this really helped us figure out what kind of software needed for us, Vivid team were very professional & supportive. Their quality of work is outstanding. I recommend them for your Web and App development.

CHRIS VARGA, VP, ACTIVE CLUB SOLUTIONS, USA

I'd like to thank Vivid Infotech for the exceptional technical services provided for our business, The team was solid, efficient and knowledgeable. They did an amazing job on my very challenging app. I will be using them again. Thank you for doing such a great job!

WHAT OUR CUSTOMER'S SAY

DANIEL MARK, USA

Thanks Vivid Infotech for great support on our project. They not only showed their commitment and hard work in our project, but also helped us take care of some points that got missed by us and did not belong to their scope. It is a great help if the objective is in making the service successful, instead of just completing the project.
The experience working with Vivid Infotech is great.

MOSTAFA GAWAD, EGYPT

Great work!!! team were very professional and supportive. I was impressed by Vivid Infotech's prices, especially for the project I wanted to do and in comparison to the quotes I received from a lot of other companies.I recommend them for your software development.

WHAT OUR CUSTOMER'S SAY

DICKSON, SOFTWARE DYNAMICS, USA

Vivid Infotech is the firm to work with if you want to keep up to high standards.
The professional workflows they stick to result in exceptional quality..
The team is technically strong and creative. I will not hesitate to recommend them.

MOLLY GREGG, CALIFORNIA, USA

I was very happy to work with Vivid Infotech in the development of my custom website. I was very impressed with their level of quality and the turnaround time needed to deliver an excellent product and I've been really pleased throughout with your communication and understanding of what was needed. The experience working with Vivid Infotech is great. Thanks again
